

ISTELive 26 and ASCD Annual 26 *Conference Preview Guide*

JUNE 28–JULY 1

ORANGE COUNTY CONVENTION CENTER
WEST BUILDING

Welcome to ISTE Live and ASCD Annual Conference 26!

If this is your first time at one of our events, you'll see that we do things a little differently than other conferences you've attended. Our events are designed **by** educators, **for** educators. Like all good learning, we know amazing events aren't just about listening to content. We design our events to be a laboratory for exploring what's possible. Our goal is to move past the way things have always been done and explore how we can create transformational learning experiences—and, more importantly, how we can help clear the path so that innovation can take root and thrive in your school.

Our challenge to you: As you dive into the sessions and explore the event, ask yourself how you can foster a learning environment that is as joyful as it is rigorous, and as meaningful as it is modern.

You'll notice we've intentionally curated a mix of experiences that bridge the gap between technology and instruction. This isn't about two separate tracks; it's about giving you the freedom to move between the pedagogy and the tools that make it possible. Whether you're navigating your first year in the classroom or leading a districtwide transformation, we invite you to use this week to gain inspiration for your unique role.

The most valuable things you'll take home won't be found in a session or a slide deck. They'll be the new connections you make and the "action prompts" that keep the momentum going long after you leave Orlando. We're so grateful to have you with us as we work together to design what's next.

Richard Culatta
ISTE+ASCD CEO

Jennifer Ragan-Fore

New possibilities. Real impact. Microsoft AI for education

Education is at the frontier of transformation and thriving in an AI-powered world starts with people, purpose, and the right tools. At ISTE Live and ASCD Annual 26, Microsoft Education brings responsible, secure AI to life, showing how educators and learners can unlock new possibilities for teaching, learning, and innovation.

Visit the **Microsoft booth (1800)** to explore practical, hands-on experiences. Join a how-to session in our booth theater or step into the **Learn Live Classroom (W207AB)** to see AI in action. Discover how Microsoft AI supports inclusive learning, streamlines educator workflows, and works across the tools you already use so you can spend more time empowering students.

We can't wait to connect with you!

Check out the Microsoft at ISTE Live and ASCD Annual 26 program here

Experience Microsoft AI-powered tools in the Learn Live Classroom

Step into the **Learn Live Classroom (W207AB)** and experience the frontier of learning—where educators and leaders build the skills needed to thrive in an AI-powered world.

On a Windows 11 device, create lessons and classroom resources with the Teach Module, explore Minecraft Education, Microsoft 365 Copilot Chat, AI agents, Learning Accelerators, and more.

Continue the journey by joining Microsoft Elevate for Educators, where you'll connect with peers, deepen your practice, and grow your confidence to lead and teach with AI.

[Click here to start your AI Learning journey with Microsoft](#)

Get started with the conference app!

It's available in Google Play and in the Apple Store. Use it to customize your experience by: saving your favorite conference sessions, presenters, and exhibitors; connecting directly with other attendees; and saving session resources in a digital tote. Search "ISTELive or ASCD Annual."

Learning Journey Design Desk

Stop by the Learning Journey Design Desk on Level 2 of the Convention Center to get expert guidance on selecting the best sessions, hands-on learning experiences, and events.

Reception Meetups

Looking to connect with fellow attendees who share your role or interests? We're hosting casual, no-pressure meetups during the Welcome Reception and lunch breaks in the expo hall. These gatherings are—a relaxed way to find your people and spark new conversations. Gatherings include:

- Early career educators
- First-time attendees
- Solo attendees
- Hot topics
- Job roles

Shuttle Services

Shuttle service to and from many official conference hotels and the convention center is provided. Shuttle buses run approximately every 20–30 minutes, Sunday–Wednesday, during conference hours.

Shuttle Schedule:

Sunday, June 28, 6:30 a.m.–6 p.m.

Monday, June 29, 6:30 a.m.–5:30 p.m.

Tuesday, June 30, 7 a.m.–5:30 p.m.

Wednesday, July 1, 7 a.m.–3 p.m.

The schedule indicates the first shuttle bus departing from hotels and the last shuttle departing from the Orange County Convention Center (OCCC) for the day. The last bus departing from hotels to the OCCC is approximately 60 minutes prior to the end time listed on the schedule.

An ADA-compliant mini-shuttle is on-call for attendees who require it. Please call 689-212-3127 at least 2 hours prior to your desired pick-up time.

The schedule is subject to revision without notice. Check the event app or website for up-to-date information.

Extend Your Learning

Your registration includes hundreds of recorded sessions and virtual content, all available for six months after the event. See the program search for a full list of included sessions. If you have colleagues who are unable to join us in Orlando, let them know they can register to join us virtually!

Pro Tips

1. Wear comfortable shoes and stay hydrated!
2. Be part of the conversation on social media using #ISTELive and #ASCDAnnual.
3. Sign up to earn continuing education credits. ISTE+ASCD works with several higher education providers to offer credit hours for attending the conference.

ISTE+ASCD Central: The Learning & Discovery Stages

This year, we're hosting two new stages within ISTE+ASCD Central, featuring impactful sessions that fit perfectly into your conference schedule. Whether you're looking for a powerful success story or a deep-dive conversation, these 30-minute sessions offer fresh perspectives in a relaxed, walk-up environment.

The Learning Stage

Focusing on speaker-led presentations, this stage brings professional journeys to life through visual storytelling.

- Speakers deliver dynamic, story-driven presentations using visual aids to showcase real-world impact.
- Each session provides a focused exploration of professional growth and educational success.
- Authentic storytelling is used to highlight personal and professional transformation.

The Discovery Stage

This area hosts relaxed, moderated dialogues and panels centered on ideas that spark new thinking.

- Moderators and panelists engage in informal, "pull-up-a-chair" conversations about the stories behind the research.
- Dialogue is prioritized over traditional slide presentations.
- Presentations focus on sparking new thinking through emerging trends and thought-provoking publications.

Stop by ISTE+ASCD Central to grab a seat, join the conversation, and discover the ideas driving our community forward. ISTE+ASCD Central is also home to: our bookstore, merchandise, ISTE+ASCD product info, book author signings, and more!

EL Authors Live!

What's behind the ideas shaping education today? Find out during *EL* Authors Live!—a series of quick, candid 20-minute conversations where ISTE+ASCD Community Leaders sit down with authors from *Educational Leadership (EL)* magazine to dig into their work. Topics

will hit on some of the field's most urgent issues, including: fostering student belonging, teaching literacy in the age of AI, supercharging student intervention, and more. Happening Tuesday at the Discovery Stage; drop in, listen, and join the conversation.

Profile of an AI-Ready Graduate Pavilion

Step into an interactive experience designed to bring the Profile of an AI-Ready Graduate to life through real practice. Explore six themed stations—each built around a core profile role—featuring educator stories, student work, hands-on challenges, and short talks at the Spark Talk Stage that show what **AI-enabled, human-centered learning** looks like in action. Plus, eligible attendees can apply for scholarship-supported professional learning to take their next step forward.

Creativity Crossroads

The Creativity Crossroads showcases student and educator projects that bring creative learning to life. Explore the Creators Collective, a showcase of original projects from students. Then roll up your sleeves in the Sunshine Studio, where hands-on art creation happens alongside local artists. Whether you're browsing, reflecting, or creating, the Creativity Crossroads celebrates the joy of learning through creativity! Stop by daily on the first level for new activities.

Google for Education

Elevating Educators. Empowering Learners.

Google for Education provides teachers with helpful, research-backed tools to create meaningful learning experiences, driven by human connection.

At Google, we're always testing, iterating, and rolling out new features to make our products easier to use—ensuring you and your students get the most out of teaching and learning. This year, we're bringing that innovation to life in Orlando.

Visit us at [ISTELive](#) + [ASCD Annual '26](#)

Stop by [Booth 1500](#) to discover how tools like **Gemini for Education**, **Google NotebookLM**, and **Google Classroom** are helping educators drive AI literacy and personalize instruction. Catch our **15-minute DemoSlams** running throughout the day to see quick, actionable ways to integrate AI into your classroom.

Lead the way with Gemini for Education

Join us in the **Google AI Educator Series Playground (W204BC)** for an immersive look at the **Google AI Educator Series (GES)**. This free, ISTE+ASCD standards-aligned program is designed to help you lead the way with AI.

Step into a hands-on environment where you can explore how to use AI to support student outcomes and streamline your workflow. Each participant will be provided with a **Chromebook Plus** to use during these sessions.

What you'll learn:

Vibe Coding: An introduction to creative, intuitive ways to customize learning experiences.

Bridge Reading Comprehension: Using AI to support deeper literacy and close the gap for every student.

Benchmark Analysis: Learn how to streamline data analysis with Gemini to reclaim your time.

Stay up to date on the latest Gemini trainings:

FORMATS TO LEARN YOUR WAY

Search the full ISTE Live [program](#) or ASCD Annual [program](#) and “favorite” the sessions you want to attend! Search “ISTE Live” or “ASCD Annual” in your app store to view the program on your mobile device.

Model Lessons

An immersive classroom experience that models the integrated use of highly effective instructional practices and strategies aligned with proven technologies.

Innovator Talks

Lecture-style presentation with one or more presenters that inspires new ways of thinking.

Posters

Demonstration-style visual presentation in a multibooth environment.

Panels

Moderator and two or more panelists selected collaboratively with ISTE+ASCD.

Trips & Tours

Off-site excursion with a cultural, educational, or historical focus.

Event Experience Types

Turbo Talks

A quick, energizing session that provides bite-sized and actionable ideas.

Playgrounds

Large-scale, hands-on learning with multiple demonstration stations.

Research Papers

A traditional session, roundtable discussion or poster presentation on original edtech research.

Idea Labs

Hands-on, collaborative sessions where attendees leave the session having created an artifact or an action plan.

Interactive Sessions

Topic presentation with activities for audience participation.

Opening Mainstage

Sunday 3-4:30 p.m.
Valencia Ballroom

Explore this day's theme of "Spark Curiosity," where educators are invited to embrace the questions, uncertainty, and wonder that fuel learning and

leading in times of change. ISTE+ASCD CEO Richard Culatta joins us to welcome attendees and set the stage. Then, bestselling author, leadership expert, and LinkedIn Global Voice for Education **Heather McGowan** unpacks how educators and leaders can thrive in an era of relentless change, while building cultures where people recognize when they've outgrown their roles, embrace the discomfort of not knowing, and move forward together with intrinsic motivation and support.

Closing Mainstage

Wednesday 1:15-2:30 p.m.
Valencia Ballroom

The Closing Mainstage theme is "Elevate Reflection." Presenters will show how creative work, both the extraordinary and the every day, helps students

set goals and unlock their authentic expression. ISTE+ASCD Board President-Elect Patricia Brown, Ed.D., joins us for this session. Then, Pixar Art Director, Character Designer, and Animator **Deanna Marsigliese** shares how educators can unlock creative potential and fuel innovation in their students. Through reflections on her career at Pixar, including work on "Inside Out," "Soul," "Luca," and "Inside Out 2," Marsigliese reveals the creative habits and practices that fuel her work, demonstrating how educators can create environments where students embrace intuition, seek unexpected connections, and find inspiration in familiar surroundings.

Tuesday Mainstage

Tuesday 8:15-9:30 a.m.
Valencia Ballroom

The Tuesday Mainstage theme is "Develop Expertise." Presenters will examine how educators can help students build essential skills by creating spaces where they see themselves in learning,

share their stories, and develop the confidence to author their own futures. ISTE+ASCD Board President Jeremy S. Owoh, Ed.D., joins us for this session. Plus, Resident Librarian for PBS and PBS Kids, and "Reading Rainbow" Host **Mychal Threats** shares how educators can foster student agency and engagement by amplifying student voice. Drawing from his advocacy for libraries and literacy, Threats inspires educators to cultivate inclusive environments where learners find representation and are empowered to build the futures of their dreams.

Voices from education and leadership will also share stories that illustrate the **Transformational Learning Principles** in action. You'll hear from Rachel Edoho-Eket, Ed.D.; Krynica Drake; Nyshawana Francis-Thompson, Ed.D.; Carolina Seiden, Ph.D.; Jason Trinh; and Brandie Wright.

Give your Students Agency over the Technology Shaping their Future.

Digital fluency gives your students the ability to thrive in a world reshaped by AI.

Today, 84% of students use AI yet only 16% are taught to understand it. Students need computer science, AI science, and data science — and the ability to understand, direct, question, and create with AI. That's what digital fluency is.

That's why Code.org is now CodeAI.

Lenovo

Solutions Hub Expo

The expansive Solutions Hub Expo lets you test and tinker with the latest edtech, participate in hands-on learning sessions, and provide feedback to product developers. The expo hall is located in West Hall B on Level 2.

Solutions Hub Hours

Monday, June 29, 9: a.m.-5:00 p.m.

Tuesday, June 30, 9:30 a.m. - 5:00 p.m.

Wednesday, July 1, 8:30 a.m.-1 p.m.

Not sure where to start in the Solutions Hub Expo? Head to the [Trailblazer Base Camp](#) (booth 2269) and grab a route (or create your own). Educator-created routes guide you through the expo hall with purpose, helping you make the most of your time on the floor. This year at Base Camp: beta test new features from ISTE Seal holders and share your feedback directly with their teams. [Complete your route](#), pick up some swag, and claim the title of Trailblazer!

Tune In to What's Next in Learning

At Dell Technologies, we believe human progress starts with student progress, and education is where that progress takes shape. For decades, we have partnered with K–12 schools and districts to build secure, inclusive, and future-ready learning environments. Rather than treating education as disconnected tools or programs, we focus on strong foundations that prepare graduates for what's next, empower learners through access and personalization, reduce technology friction for educators, and protect students and staff with security and privacy built-in from the start.

Visit us in **Room W306AB** for a dynamic mix of learning and interaction. Throughout the day, join short, engaging sessions exploring topics like AI literacy, graduate readiness, accessible learning design, educator workflows, and cybersecurity. Each session is high-impact, easy to jump into, and designed to leave you with practical ideas beyond the conference.

Between sessions, explore hands-on solutions and live demos featuring purpose-built K–12 devices, AI-ready learning environments, and secure, manageable technology ecosystems. This is your opportunity to ask questions, dig in, and see how intentional technology choices support personalized learning, simplify IT operations, and create safe, reliable experiences for students and educators.

Dell Technologies K–12 experts will be available throughout the event for meaningful one-to-one conversations, whether you're seeking strategic guidance, working through a district challenge, or exchanging ideas with peers.

We look forward to connecting with you at ISTE Live and ASCD Annual 26!

[Learn More Here](#)

Let Us Help You With EdTech Selection

Evaluating and choosing edtech products that best meet your contextual needs can be intimidating. The five key quality indicators—Safe, Evidence-Based, Inclusive, Usable, and Interoperable—must all be considered to ensure you’re selecting tools that truly benefit learning.

The EdTech Quality Collaborative—a partnership among ISTE+ASCD, IEdTech, CAST, CoSN, Digital Promise, InnovateEDU, and SETDA—provides frameworks and resources to support your decision-making process.

The EdTech Index and Validations

The **EdTech Index** brings these five quality indicators to life by showcasing certifications and badges from trusted third-party sources. As you explore the

Solutions Hub Expo, look for vendors displaying signs that say **“Ask us about our Quality Certifications.”** These signs highlight the trusted certifications each product has earned across the five quality indicators.

Use these certifications to guide your conversations with vendors, helping you efficiently evaluate products and determine which tools might meet your specific needs.

The ISTE Seal Signals Trusted Products

The **ISTE Seal** is a certification for edtech products that meet the highest standards in digital pedagogy, technical usability, and alignment to the **ISTE Standards**. This recognition is more than a badge—it signals trust to educators around the world.

The ISTE Seal evaluates five dimensions of usability:

- User interface and agency
- Learning design
- Digital pedagogy
- Inclusivity
- Assessment and data

Look for the ISTE Seal as you walk the Solutions Hub Expo floor.

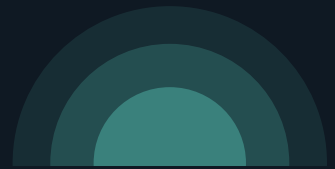

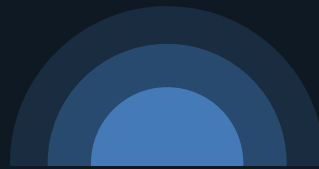

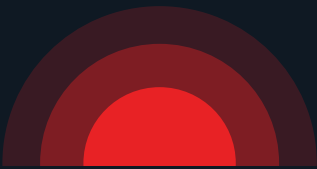

The following companies have products that have earned the ISTE Seal:

- | | |
|---------------------------|----------------------------------|
| 3P Learning | Forward Edge |
| AIEducators | Go Guardian |

PARTNER WITH INSTAGRAM: KEEP STUDENTS SAFE

Educators play an important role in helping students have safe, positive experiences online.

The **Instagram School Partnership Program** provides schools with additional support and resources to help address potential teen safety issues on Instagram.

PARTICIPATING SCHOOLS RECEIVE:

PRIORITIZED REPORTING

Reports submitted by verified school partners are automatically prioritized for review, with status updates and notifications when action is taken.

SCHOOL PROFILE BANNER

Participating schools receive a School Partnership Program profile banner, helping students, parents and guardians identify verified school partners on Instagram.

RESOURCE HUB

Access educational resources for educators, including digital citizenship materials, social media guidance and bullying prevention support.

LEARN MORE

Scan the QR code to learn more about the Instagram School Partnership Program and how your school can participate.

iste+ascd conference

JUNE 27-30 • BOSTON, MA

**Where bold ideas meet
the educators brave
enough to build them.**

At ISTE Live and ASCD Annual, educators come together to spark new thinking, strengthen alignment, and move schools forward.

- Fresh ideas for today's biggest challenges.
- Real conversations with education leaders.
- Strategies that drive impact across schools and districts.

Save the Date

June 27-30, 2027

Boston, MA

conference.iste.org/2027
